

Sharing Time Schedule

Sharing time (show and tell) will be held every Friday for five students each week. Sharing time will give us the opportunity to develop our communication and oral language skills while telling others more about ourselves. Please see the schedule below with the theme for each month. Post this on your family bulletin board or put the dates on your child's folder calendar as a great reminder of your child's Share date. Your child will tell us 3 - 5 things about the show and tell item/ picture. We will practice using our speaking voices and making good eye contact with the audience. And we'll have fun learning more about one another.
